

**Schoolwide Positive Behavior Plan
Baltimore County Public Schools**

Date Completed: 8/21/2023

School Year 2023-2024

School: Perry Hall Elementary School

Section 1: Initial Steps
School Climate Team
<i>Identify members of a School Climate Team (consider a representative selection of members). The team meets initially to examine equity concerns and data and to develop the Schoolwide Positive Behavior Plan. The team should then meet monthly (minimum quarterly) to assess the effectiveness of the SWPBP on an ongoing basis.</i>
Ronesha Thompson-Principal Whitney Elliot-Assistant Principal Kathy Cooney-School Counselor Jaclyn Charles-Reading Specialist Kristy Gorecki-Classroom Teacher Jessica Mallamo-Special Education Teacher Anne Marie Martinelli-Library Media Specialist Kim Peck-Classroom Teacher
Equity Lens
<i>Through an equity lens, identify what the data indicate about the social-emotional needs of students and the support provided by staff members relative to disproportionality between student groups, especially for African Americans or students receiving special education. Also consider the school's population with regard to ELL, Latinx, and/or other student groups. (Information may be from School Data Story)</i>
During the 2022-2023 school year, there were two suspensions. One was an ESOL student and was a student from the FARM subgroup. All student group suspensions resulted in the loss of 2 instructional days. This loss of instructional time particularly affects student groups most often suspended.
Data Analysis
<i>Summarize what the data tell about the school climate. (Information from School Data Story)</i>
The data suggests that strides have been made in identifying alternatives to suspension for our students. Teachers and administrators have worked together to identify strategies to assist students with growing socially and emotionally.

Climate Goals
<i>Identify the school's goals in improving the social-emotional climate of the building. (Information from School Progress Plan)</i>
Decrease the percentage of students chronically absent from 27.1% during the 2022-2023 school year to 17.1% during the 2023-2024 school year.
Staff will create and sustain a safe, welcoming, responsive classroom environment which values inclusivity, diversity, and a growth mindset.
Educators will examine their cultural biases and focus on language (talking stems, vocabulary, word walls, interactive communication, leading discussions) and cognitive strategies (memory, building schema, providing mental linkages, anchor charts, and pre-teaching) to make instruction accessible to students. .
Section 2: Developing and Teaching Expectations
Expectations Defined
<i>Identify a School Code of Conduct with 3-5 positively stated school expectations. Develop a way to communicate the identified rules, based on the schoolwide expectations, for specific settings within the school building. Expectations should be clearly stated, communicated, taught, and frequently referenced.</i>
Gator Commitment: At Perry Hall Elementary, we are: Safe Responsible Respectful Ready to Learn
Classroom Plan for Teaching and Reinforcing Expectations, Routines, and Procedures
<i>Teachers develop visuals to communicate culturally relevant classroom expectations, routines, and procedures based upon the schoolwide expectations. Educators explicitly teach expectations, routines, and procedures. The school staff recognize and reinforce expected and positive behavior. Teachers identify encouraging procedures and corrective procedures for their classrooms.</i>
Teachers will work with students to define what the Gator Commitments look like in their classes.
Family/Community Engagement
<i>Identify how the Schoolwide Positive Behavior Plan, the schoolwide expectations, and/or interventions will be communicated and shared with families. Consider how to include family and student voice in the initial plan and in evaluating the plan throughout the year.</i>
